CONCERT TONIGHT

Second Annual Affair A Big Success
—Merchants Turn on Lights and
Fire Bells Let Loose at 7.30.

The second annual style show parade held last night under the auspices of the Retail Merchants' Bureau of the Chamber of Commerce was a pronounced success. Everything went off on record time and a slight rain did not dampen the ardor of the crowd one bit, for the throng remained on King street until after the pageant had passed.

It is estimated that 10,000 persons witnessed the big demonstration. The affair was indeed creditable and the participating merchants with floats displayed considerable taste in preparing them.

Following the parade the judges met and awarded prizes of \$25 each as follows: Bendheim's for most artistic float; Frank Michelbach for the most original and the Fletcher Motor Company for the largest float of automobiles in line. The fire companies received a joint award of \$25.

The judges of the contest were W. Albert Smoot, Julian Y. Williams and Harry Hammond.

A concert will be given tonight on the streets by the Citizens' Band. Promptly at 7.30 o'clock the fire engine bells let loose and the lights in the windows of the stores on King street were turned on revealing some very pretty and artistic windows of the wares carried by the merchants.

In a short time thereafter the parade got under way headed by Chief Marshal Claude W. Fletcher and Chief of Police C. T. Goods in an automobile and M. E. Greene with Miss Ella Hill as accompanist.

At the conclusion of the program a collection was taken for the starving women and children of Ireland.

VOTE OF CONFIDENCE BY THE DEPUTIES

Chamber Approves Decision at London Conference by Vote of 491 to 66

QN DISARMAMENT

Dr. Simons Tells Reichstag Negotiations Will Be Resumed—Wart Allies to Control Arms in Germany

Paris, March 18.—The decisions of the London reparations conference, the occupation of Dusseldorf and other German cities and the application of the Allied economic penalties on Germany were approved by the Chamber of Deputies yesterday afternoon by a vote that was virtually unanimous, except for the Socialists and Communists.

The vote, as officially given out, was 491 to 66.

Premier Briand, replying to former Minister of Finance Klotz and former Minister of War Lefevre, who respectively insisted upon further light as to the Government's intentions with regard to execution of the Treaty of Versailles and securing the disarmament of Germany, took occasion to answer Germany's protest to the League of Nations against the Allied occupation on the ground that it was a violation of the treaty.

"Germany," he said, "has violated the treaty in three essential clauses—disarmament, reparations and the trial of accused officers. Thus the sanctions as provided for in the treaty are applicable and just as we have applied them."

The Allied Commission of Control he declared, was working under the advice of Marshall Wilson and Foch and might be depended upon to satisfy the requirements of M. Lefevre as to the disarmament of Germany.

M. Lefevre said that since he declared in a previous debate in the Chamber that Germany was making a new machine gun, capable of shooting 1,500 bullets a minute, its existence had been proven. The guns had been found in Koenigsberg, he declared, along with a new type of six inch cannon, proving that the Germans were making new armaments to replace that destroyed under Allied control. He said that material had been discovered in cellars of the Spandau Arsenal sufficient to manufacture 6,000 field guns.

The sewing class for girls, under the educational committee of the Ladies' Auxiliary of the Y. M. C. Mrs. Richard Acton, chairman of the educational committee of the Ladies' Auxiliary, stated that the plan for the work will follow closely that used in both the Washington and Arlington county schools.

Mrs. Acton also said that the financial part of the carrying out of the plan was entirely in the hands of the auxiliary and so far as possible the work would be free to the youngsters. Edward Lawrence Hunt will speak on a unique work which is attracting nationwide interest, namely the erection of a memorial to all who served in the world war which will be a living, vital witness of the unity which won the war.

It is the building of a great national temple to stand forever in the nation's capital as an expression of the love and gratitude of all our people to those whose sacrifices and service saved the nation. It is a cause which appeals to the hearts of men and of women who take pride in their citizenship, who love the nation and who pray for the continuance of her institutions.

Successful Show

High School Students To Repeat "Miss Hobbs" Tonight And Tomorrow Night

The first of the three performances of Jerome K. Jerome's famous play, "Miss Hobbs," was given in the High School auditorium last night.

The title role was most effectively and realistically portrayed by Miss Helen Outcalt who as "Miss Hobbs" was at once bewitching, piquant, and charming. Small wonder that such a personality as hers completely turned the wise old head of Wolff Kingearl.

The selection of Mr. Wilmer Myers for the somewhat difficult part of Wolff Kingearl, was especially fortunate as his interpretation of that character was brilliantly that could be desired. He was dignified yet entirely human.

The love element in the play was well sustained by Mr. Frank Phillips, whose "bella presenza," excellent voice, and impetuous youth were making at once endeared him to the audience. On the whole the role of Percival Kingearl, the loving husband, was especially well suited to Mr. Phillips.

Mr. Jack Pott, as George Jesson, "the typical man," and temporarily discarded suitor of Miss Millicent Farey, was a picture of young American manhood at its best. No wonder Millicent was glad to patch up the lovers' quarrel.

If there really is a comedian where all is comedy, then Mrs. Charles Houston, as the servant, Charles, was it. His acting and funny and imitable by play was true to life. He well interpreted the two much indulged servant of a very young married couple.

The play will be repeated tonight and tomorrow night and the other characters not here named will also be on hand to bear out the reputation of the Seniors of 1921.

CLARA S. HAMON FREED BY JURY

Quick Verdict Exonerates Woman of Murdering Jake L. Hamon

NEW IN ADVANCE

"Happy" She Exclaims—Widow Not Told—Surrendered Christmas—May Sue Estate

Ardmore, Okla., March 18.—Clara Smith Hamon was acquitted yesterday of a charge of having murdered Jake L. Hamon, Republican National Committeeman from Oklahoma and millionaire railroad and oil promoter.

The jury was given the case at 4.30 P. M. and returned to the courtroom 40 minutes later. B. F. C. Laughridge, 73-year-old foreman, saw only one ballot was taken, a secret one, confirmed by a raising vote.

Clara Hamon obtained the information fully seven minutes before the verdict was rendered in open court and sat, surrounded by members of her family, half-smiling, half-afraid to believe the news of assurance that were bent toward her.

When Judge Thomas W. Champion counted the bench and received an affirmative response to his question: "Gentlemen, have you reached a verdict?" her eyes followed the motions of the ballist as he received the verdict from Mr. Laughridge and handed it to the clerk to read.

Clara Hamon gasped audibly in the tensely silent courtroom, drooped forward in her seat, only to be seized from behind by her younger brother "Jimmie," squeaked violently and kissed. Tears came to her eyes and the other members of her family cried with her as she gazed at the standing jurors and heaving thanked them for their verdict.

"I am the happiest woman in the world," she said.

She used a secret passage from the courtroom to escape the crowds which threatened to overwhelm her with congratulations.

Last night her plans for the future were incomplete, she and members of her counsel of six attorneys said. She is considering a number of business propositions, according to Wallace Scott, of North Worth, Texas, one of her counsel, but what she shall do in the immediate future is undetermined.

Her father J. L. Smith, is seriously ill at El Paso, Texas, and it was said she might return there to be with him in the last days of what is termed an illness which may be fatal.

None of the members of the family of Jake L. Hamon was in the courtroom.

University The centennial celebra-
of Virginia tion of the
Centennial. University of
Virginia will be held next
June. Nearly a hundred of
the famous poets of the
world have contributed origi-
nal verses to the occasion,
which will probably be gath-
ered into a volume and pub-
lished later. Such names as
Lord Dunsany, Edwin Mark-
ham, John Drinkwater, Basil
Gildersleeve, Thomas Hardy,
Amy Lowell, Vachel Lind-
sey, Clinton Scollard, and
Edwin Arlington Robinson,
are included among the con-
tributors. The book, edited
by Dr. J. C. Metcalf, of the
Linden-Kent Memorial
School of English, at the
University, and Dr. James
Southall Wilson, Edgar Al-
lan Poe Professor of Eng-
lish, will be published by
Harcourt, Brace and Com-
pany, of New York. It is
titled will be 'The Enchanted
Years, a Book of Contem-
porary Verse.' Armistead C.
Gordon, of Staunton, has
written a dedicatory poem in
lieu of a preface. The vol-
ume contains an impassioned
tribute to Woodrow Wilson,
one of the University's dis-
tinguished sons, by Kath-
erine Lee Bates, of Wellesley
College. Thomas Jefferson,
the University's founder is
memorialized by two of the
Poets, and Edgar Allan Poe
is the subject of some six or
seven of the poems.

Letters have been received
from Rudyard Kipling, John
Masefield, and Robert
Bridges, present poet laure-
ate of England. These, with
many others, will be on ex-
hibition during the centen-
nial celebration.

A striking feature in both
letters and poems is the uni-
versal tribute paid to the ex-
alted genius of Edgar Allan
Poe. That he is the greatest
of American poets, and so
recognized throughout the
world, there can be no ques-
tion. He is likewise the first
and most illustrious of short-
story writers. The French
schools of several genera-
tions, who have raised the
short story to the highest
pinnacle of art, acknowledge
Poe as their undeniable mas-
ter, and render him glad
homage.

Altogether the first cen-
tennial of this great institu-
tion of learning will be for-
ever memorable in the an-
nals of Virginia. Doubtless
its historic edifices will be
made the object of thousands
of devout pilgrimages from
all over the United States,
next June.

WOMAN IS KILLED

BY ROBBERS

New York, March 18.—Mrs. Henri-
etta Defelicio, mother of nine children
was strangled to death and Mrs. Rosa
Menditto, a nurse, was gagged and
bound by four hold-up men who en-
tered their home in Brooklyn late this
afternoon and demanded money and
jewelry.

The woman's screams were heard
by a policeman and also her husband,
Louis Menditto, who was on his way
home from work. News of the hold-up
and murder, spreading rapidly
throughout the neighborhood, caused
such indignation that police reserves
had to be called to handle a crowd of
3,000 which quickly collected.

In trussing up the two women the
robbers thrust a towel into Mrs. Defe-
licio's mouth. To keep it in place they
passed a rope around her face. One
coil slipped down around her throat,
and was pulled so tight that it strangled
her.

Mrs. Menditto, who was thrown on a
cot in a room adjoining that in which
the two women were sitting, rolled
herself to the floor after the robbers
had fled with \$2,500 in jewelry and
money. Loosening her gag by push-
ing her face along the floor, she
struggled to her feet, pushed up the
window with her head and called for
the police.

Mrs. Menditto fainted when her hus-
band entered the house. When she
was revived she told the story of the
hold-up to detectives.

She said that the bandits had not
allowed her or her companion time
to make a reply to their demands, but
had at once seized them. She said they
had put up a struggle, but soon were
subdued and their money and jewel-
ry taken from them.

She said all the bandits had appear-
ed less than 23 years old. None of
them was masked. Detectives said
they had obtained a good description
of them from Mrs. Menditto and all
fingerprints.

Danville Woman Says Tan-
lac Is Family Medicine
In Her Home

"We call Tanlac the family medi-
cine at our house because it restored
my mother and sister to health just
as it did me," said Mrs. J. F. Robert-
son, of 165 1-2 Stokes St., Danville.

"I was left in a dreadful, rundown
condition by the flu and nothing I
tried did me any good. For a long
time I was so weak I couldn't get to
work. If I stood on my feet for a few
minutes I would grow faint; I had bad
attacks of vertigo, too, and several
times narrowly escaped severe falls."

"I lost my appetite and for days
at a time would go without any de-
sire for food and the little I ate seem-
ed to do me more harm than good. I
had been taking Tanlac only a short
time when I felt so much better. In
every way that I knew I had found
the right medicine at last. It has
made me a well woman again and
now I am able to go back to work."

"Both mother and sister needed
something to build them up, so they
took Tanlac, too, and it built them
both up till now they are the very
picture of health. There is no doubt
in my mind about Tanlac, it's just
the best and grandest medicine in the
world."

Tanlac is sold in Alexandria by Ed-
gar Warfield, Jr., and good druggists
everywhere.

ALL HEALTH OFTEN DUE TO NEGLECT OF KIDNEYS AND LIVER

Many organs take part in assimilation of food, and a number are active in eliminating those portions of the food which are not taken into the blood for the rebuilding of the body. Of the eliminative organs, the liver and the kidneys are of major importance, and are most likely to be overworked and become diseased. When such is the case, various troubles of a digestive and eliminative character occur, and such troubles are so frequent and so common that it is absolutely necessary to find some relief. Warner's Safe Kidney and Liver Remedy was compounded over 40 years ago to help equalize the work of both kidneys and liver. How successful it has been is evidenced by its wide-spread sale and its value is attested by an immense number of appreciative users who through these many years have put it to the severest tests with the most satisfactory results.

Warner's Safe Kidney and Liver Remedy contains no harmful ingredients and should be used when the kidneys need attention.

Ford

THE UNIVERSAL CAR ANNOUNCEMENT!

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$790.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously uncultivated land, to say nothing of removing no end of dangers.

"There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and once making results as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

"THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure and now with rock bottom reached, on the tractor price a further reduction in price of either the car, truck or tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production and increases may be necessary before long if a large volume of new business is not obtained. Therefore, present prices of Ford products cannot be guaranteed against possible increases."

Ask for the book "The Fordson at Work," which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm, in your factory, lumber yard, coal yard, or in any general hauling or power work you have to do and let us have your order for a Fordson.

The ladies of the Aid Society of Del Ray Baptist Church, held a very successful luncheon and "bake sale" yesterday, at Rowzie's store in St. Elmo.

Master Jack Rogers, of Braddock, reports finding the first arbutus this week, also a few bluebells and other spring flowers.

A timely suggestion from a reader of our column when going to fields and woods if a pair of blunt pointed scissors such as can be bought at

the ten cent stores, are slipped in the pocket, then arbutus and other spring beauties can be clipped off instead of pulled up by the root, thus insuring their blooming again another season, also it is better not to "strip" any spot, but to always leave a few.

ENDS WHOLESALE

LIQUOR ON MAY 15

The wholesale liquor establishment, brother of the bar, will be put to death May 15 under sentence pronounced yesterday by Prohibition Commissioner Kramer.

Although an opinion by Attorney General Palmer last December said the wholesaler had no legal right to continue in business, internal revenue and prohibition officials decided to grant some time in which he could unload stocks without too heavy monetary loss. But Mr. Kramer's announcement yesterday made it clear

there would be no further extension of time and that execution of the sentence would be carried out.

Mr. Kramer, however, opened the way for the retail druggist to obtain supplies for prescriptions, removing the ban on withdrawals from bonded warehouses. For several months such warehouse doors have been closed. The order yesterday makes it possible for the retail druggist to transact business direct with the bonded warehouses. Wholesale druggists will be taken care of later. Mr. Kramer indicated, by granting them similar privileges.

room when the jury returned its verdict. Mrs. Hamon, the widow and her 10-year-old son, Jake L., Jr., left when the case was placed in the jury's hands. Mrs. Hamon at that time was in tears.

Last night at the home here of Mrs. Jake Hamon, it was said that she had not been told of the verdict and that she would not be until tomorrow because of her physical and mental condition. Jake L., Jr., said that if his mother was given the information of the acquittal after such brief consideration by the jury it "would tend to throw her into a collapse, on the verge of which she is now."

Mr. Hamon was shot on the night

of November 21 last, as the culmination of which was brought out in evidence introduced at the trial as being a vicious fight with the young defendant. He was shot once through the upper right body with a .25 calibre bullet and died five days later.

Clara Hamon immediately left Alexandria, departing November 22. It was established during the trial that she left upon instructions of Hamon as he lay upon a hospital cot. Frank L. Ketch, former business manager for Mr. Hamon and now administrator for the Hamon estate, furnished her \$5,000 under direction of Hamon.

She went to Chihuahua City, Mexico, traveling part way across Oklahoma and Texas by automobile and trying ineffectually once to obtain an airplane for her flight. She surrendered to the Carter county Sheriff at El Paso and returned to Ardmore on

Christmas Day.

Arguments of three members of the defense counsel and the closing argument of Attorney-General S. P. Freeland occupied yesterday's session of court. The defense bitterly attacked the Hamon interests, alleging a fight on Clara Hamon by the Hamon men, in which the millions of associates were allied. Gov. J. B. A. Robertson of Oklahoma, also was alleged for having sent the Attorney-General here to prosecute the case, asserting his action was unjust.

During his appeal to the jury today Mr. Mathers asserted that Clara Hamon had, through her business institution, aided in building up the millions "now being used to prosecute her."

STYLE SHOW PARADE

(Continued from Page One)
Kenneth W. Ogden and the men of Company No. 1 with two pieces of apparatus. They were followed by the Columbia Company No. 4, with two pieces. The apparatus was epic and span and gaily decorated in colors. Members of the Columbia Company had in line their reel which was prettily and artistically decorated, the work of Lucien Duffey, a member of that company. It was drawn by the members of that company. The Mount Vernon Garage, Moore and Boyd, proprietors, had in line a number of Studebaker cars and then came H. Friedlander with the Westcott car. Then came Hopmobile, J. M. Dickerson, Agent, Myers Brothers had in line the Paige car and Traffic Truck and the Aero Auto Company, William G. Ilch, president, with a number of Chevrolet and Scripps-Booth cars. This was followed by the Belle Haven Garage with Chandler, Dort and Cleveland cars. The cynosure of all eyes in the parade was the artistic float of Benheim's. Their float was

decorated with apple trees in bloom and on the sides were hugh palms and other decorations and the trees were illuminated with tiny incandescent lights. Four young ladies attired in the latest spring creations were on board this float.

Three automobiles advertising the anniversary sale at the Leader, B. Ezrine proprietor, 706 King street, followed. Then came the auto display of the Fletcher Motor Company with a large fleet of Dodge and Buick cars. Julius Wolf's float attracted a crowd, paper hand sacks and rulers being distributed as it moved along.

Following this came the Remschel Auto Sales Company with a string of Ford cars and a Ford tractor.

The Monticello Cafe had a float and distributed waffles along the line. Dunn and Montgomery followed with a well equipped float showing the various electric appliances carried by that firm which was followed by the truck of W. S. Smith, who is engaged in the hauling business.

The Alexandria Naval Torpedo Station had a very attractive float in line. It was a highly polished torpedo such as is turned out at the company's plant and attracted considerable attention. The Elkie Laundry came in with a two trucks.

Frank Michelbach carried in line a float that received considerable praise from the crowd. It was a well arranged kitchen with range, cabinet and other appliances necessary for a well regulated kitchen. His daughter was on the float. Another float neatly gotten up and somewhat original was that of M. Ruben Sons, C. Page Waller, Jr., proprietor, displaying grass rugs and the entire float was covered with grass rugs and protruding from either end was the material from which the rugs are made.

Corby Brothers, bread manufacturers had some of their big trucks in line of procession and H. Wolfson, tailor, cleaner and presser, also had a float in line.

CALOMEL LOSING OUT IN SOUTH

Mr. Dodson, the 'Liver Tone' Man, Responsible for Change for the Better

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back.

Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience. Take a dose of calomel today and tomorrow you will feel weak, sick and all the next day like violent calomel and nauseated. Don't lose a day.

Eruptions of the Skin

Cause Torturous Itching

If you are afflicted with any form of skin disorder, you are well acquainted with the flaming, burning itching that these diseases produce.

Skin diseases are caused by an impurity or disorder in the blood, and there is no real and genuine relief within your reach until such impurities are removed.

S.S.S. has given great satisfaction in the treatment of these dis-

orders, because it is such a thoroughly satisfactory blood purifier. It cleanses the blood of all impurities, and thus counteracts the effects of the toxins that attack the skin.

Begin taking S.S.S. today, and if you will write a complete history of your case, our medical adviser will give you expert advice without charge. Address Chief Medical Adviser, 153 Swift Laboratory, Atlanta, Ga.

COURT READY TO INSTRUCT IN MATEWAN GUN TRIAL

Williams, W. Va., March 18.—Judge R. D. Bailey, presiding at the trial of mountaineers, of whom there are now only 16, charged with being implicated in the street battle in Matewan last May, yesterday prepared his instructions to the jury, but was unable to present them as the night session of court was occupied by arguments of counsel on the points both sides will bring out in the summing up.

When court convened yesterday morning Judge Bailey instructed the jury to acquit J. C. McCoy, one of the 17 defendants. Capt. S. B. Aris, of the prosecution, had previously stated that although testimony had been admitted that McCoy had been seen to leave his home on the Kentucky side of the river with a rifle on the day of the battle and make his way toward Matewan, no body had seen him engaged in the fight in which 10 men were killed.

At 11 o'clock court adjourned until 4 o'clock, but at that hour it was found that another adjournment until 7 o'clock last night was necessary to give the court time to consider the suggestions submitted by the lawyers.

At a height favored by the couple, the rector will pronounce the necessary words after which a fifteen minute sail above earth will constitute the honeymoon. In case the weather proves too stormy other arrangements will be followed out for the nuptials in either a hotel or a church.

BEER RULING TO SUCCESSOR

Revenue Commissioner Williams Will Not Carry Out Palmer Order
Washington, March 18.—The drafting of regulations to carry out the opinion of former Attorney-General Palmer with respect to the prescribing of beer and wines for medical purposes will be left to the new Commissioner of Internal Revenue, Commissioner Williams, who soon will retire, said yesterday.

Although the legal staff of the Prohibition Bureau is engaged in drafting the regulations, they will not be formally completed until a new commissioner has been named. Mr. Williams said frankly that he did not desire to pass on the regulations because of the possibility of embarrassing his successor.

IDLE HOUR THEATRE

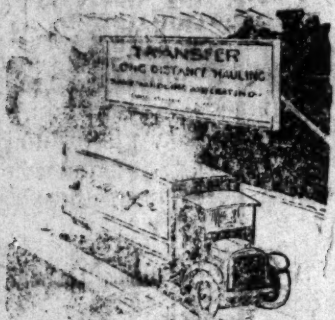

From the sordid slums of New York's Chinatown to the grandeur of high mountains and the majesty of the ocean—that is the range of the setting in "The Miracle Man," a big new Paramount Aetna picture, produced by George Loane Tucker, which is coming to the Idle Hour Theatre next week. The same expansiveness of vision is reflected in the absorbing story, written by Frank L. Packard, later dramatized by George M. Cohan, and produced with striking success on Broadway. The central figure is a white haired patriarch, who lives in the hills near the sea and who has reputed power to heal the sick and crippled. Tom Burke and his band in their haunt in the New York underworld read of his miracles and conceive the idea of capitalizing them for their own gain. So they go to the town where the old man lives and frame up a miracle for him. To their surprise they discover that he really possesses the healing powers accredited to him.

Gradually under the beneficent influence of their new environment there is worked a transformation in the hearts of the crooks that makes Rose, the gangster's beautiful decoy, the charming girl she is at heart, that evolves a farm hand out of a dope fiend, and finally, brings out the better nature of even the hardened, sophisticated Tom Burke himself. In the hands of such capable artists as Thomas Meighan, Eliot Fair, Joseph J. Dowling, Betty Compson, and others of similar merit, this powerful story becomes a vital, living thing and one of the greatest dramatic spectacles the screen has yet revealed.

installments, and who bought the car on a plan, was revealed yesterday. The taxpayer, a tall, thin farmer, who gave his address as Lincoln county, but whose name was not divulged, personally submitted the return to the deputy collector of internal revenue, using the one cent money order to pay the first installment.

SHAMROCK STARTS ROW

London, March 18.—A little scene occurred at the opening of the House of Commons, yesterday afternoon when Sir Hamar Greenwood, Chief Secretary for Ireland, made his appearance with a sprig of shamrock in the buttonhole of his coat.

Jeremiah MacVeagh, Nationalist member for the Southern Division of County Down, when he saw the shamrock said to the Chief Secretary:

"Take that shamrock out of your coat. Don't be insulting to Ireland."

"I have hoped," replied Sir Hamar, "that the influence of the great Christian Saint might save Ireland." Upwards of a hundred questions were addressed to him and Premier Lloyd George, but they brought out nothing new.

Mr. Lloyd George, however, explained that the proposed new Irish Parliament had powers of a constituent assembly within limits, but that no constituent assembly in Ireland would be given the power for forming any constitution without reference to the United Kingdom.

The Uphill Road After Forty-Five

In America, men age swiftly after their forty-fifth year. Digestive disorders, particularly constipation, are in many cases the underlying causes for this premature aging of the system.

Physicians, recognizing the far-reaching dangers of constipation, advise against the indiscriminate use of laxatives and cathartics. Such drugs eventually make worse the malady for which they are taken.

Nujol works on an entirely new principle. Instead of forcing or irritating the system, it simply softens the food waste. This enables the many tiny muscles (peristalsis) of the intestine, contracting and expanding in their normal way, to squeeze the food waste along so that it passes naturally out of the system.

Nujol thus prevents constipation by keeping it soft. Nature maintains easy, thorough bowel movements at regular intervals—the healthiest habit in the world.

Nujol is absolutely harmless and pleasant to take. Try it.

Nujol is sold by all druggists in sealed bottles only, bearing Nujol trade mark. Write Nujol Laboratories, Standard Oil Co. (New Jersey), 30 Broadway, New York, for supplies. "Thirsty, Rest of Danger."
